

SECOND WORLD SUMMIT FOR SOCIAL DEVELOPMENT DOHA 2025

Guidelines for events hosted in the margins of the “World Social Summit” under the title “the Second World Summit on Social Development” 4-6 November 2025 Doha, Qatar

Background

In resolution A/RES/78/318, the General Assembly decided to convene the “World Social Summit” under the title “the Second World Summit for Social Development,” to be held at the level of Heads of State or Government in Doha, Qatar from 4 to 6 November 2025.

The Summit will adopt a concise, action-oriented political declaration, that should have a social development approach and give momentum towards the implementation of the 2030 Agenda for Sustainable Development.

The General Assembly decided that the Summit will have two high-level round tables on the following themes:

1. **Round table 1:** Strengthening the three pillars of social development: poverty eradication, full and productive employment and decent work for all, and social inclusion.
2. **Round table 2:** Assessing progress and addressing gaps and challenges in the implementation of the commitments of the Copenhagen Declaration on Social Development and its Programme of Action and giving momentum towards the implementation of the 2030 Agenda for Sustainable Development.

To provide additional spaces for accredited and registered participants to collaborate, share knowledge, and showcase initiatives and solutions aimed at advancing social development and accelerating progress toward the implementation of the 2030 Agenda, the Summit will include a range of side events, special events, and exhibitions taking place in the margins to complement the main Summit proceedings.

Formats

At the “World Social Summit” under the title “the Second World Summit for Social Development”, side events will also be referred to as *Solutions Sessions* to highlight their practical, forward-looking focus. These sessions aim to move beyond the traditional side event format by fostering peer learning, collaboration and active participation. They may take various forms, including roundtables, panels or collaborative problem-solving workshops, and will be held in the margins of the Summit to give participants space to share experiences, co-develop ideas, and contribute to advancing social development.

Solutions Sessions are also intended to facilitate meaningful knowledge exchange and support the exploration of strategies and partnerships. They should address key social development challenges and opportunities, offer ideas that can be applied in diverse contexts, and provide opportunities to strengthen collaboration across public and private sectors. Issues covered should be pertinent to the main themes of the “World Social Summit” under the title “the Second World Summit on Social Development”, with a particular focus on poverty eradication, full and productive employment and decent work, social integration and other cross-cutting issues as identified in the political declaration of the Summit.

Side events, also referred to as *Solutions Sessions*, will be held on 4-6 November 2025 and will fall into one of two categories:
