The United Nations Permanent Forum on Indigenous Issues was established by Economic and Social Council (ECOSOC) Resolution 2000/22. The Permanent Forum is mandated to provide expert advice and recommendations on indigenous issues to ECOSOC and through the Council to United Nations agencies, funds and programmes; to raise awareness and promote the integration and coordination of activities related to indigenous issues with the UN system; and prepare and disseminate information on indigenous issues.

The Permanent Forum's report of the eighteenth session of 2019 includes several recommendations within its mandated areas, some of which are addressed to UN system agencies, funds and programmes (attached).

The report can be found at: <https://undocs.org/en/E/2019/43>

The recently released report [Linking Indigenous Communities with Regional Development](#) ([link](#)) includes discussion about how to strengthen local Indigenous institutions. The same report includes analysis regarding indicators of economic participation for Indigenous women. Our analysis shows that Indigenous women (relative to Indigenous men) have lower participation in the labour market, higher reliance on government transfers, and longer life expectancies.

B. System Wide Action Plan to achieve the ends of the UN Declaration on the Rights of Indigenous Peoples

Executive summary:

Please provide an overview of actions taken to implement the System-Wide Action Plan on the Rights of Rights of Indigenous Peoples. This summary will form the basis of the compilation report of UN activities to implement the SWAP and the Declaration. [Word limit: 600]

As requested in the Outcome Document of the World Conference on Indigenous Peoples (2014), a system-wide action plan (SWAP) to ensure a coherent approach to achieving the ends of the UN Declaration on the Rights of Indigenous Peoples was adopted in November 2015 and launched by the Secretary-General at the UN Permanent Forum in May 2016. The Permanent Forum will follow up on progress made in the implementation of the system-wide action plan during its 2020

- 1. Indigenous statistical frameworks and data governance*
- 2. Support for entrepreneurs and small business (including access to finance, financial literacy and public procurement)*

The first point includes discussion about the need to make the SDGs and related well-being frameworks more inclusive of Indigenous values and perspectives. This focuses on how to include indicators related to aspects such as Indigenous language and culture, leadership and kinship relations, subsistence, and access to land and water. The report highlights examples of how different jurisdictions have addressed these issues, and what others can learn from it.
