

The Extraordinary session of Intergovernmental Committee for Physical Education, Physical Activity and Sport (CIGEPS), hosted by the United Nations at Geneva on in March 2019, has marked a significant advancement in the thematic area I of the UN Action Plan on SDP. The close cooperation between UNESCO, UN DESA, UNOG and ILO in the design of the session's agenda, as well as the presentations of UN policy frameworks for sport (UN Action Plan on SDP, UNESCO Kazan Action Plan, WHO GAPP, UNCCC Sport for Climate Action, UNICEF S4D4C) were critical steps in ensuring that this Committee contributes effectively to a strengthened global framework on SDP within the overarching framework of Agenda 2030. The 2020 Ordinary session of CIGEPS, hosted by the ILO in Geneva in April 2020 is based on the same dynamic of policy coherence in a multi-stakeholder context.
