

*Biography: Dr Morten Schmidt*

Morten Schmidt is Director of Programmes and Grants at the Laureus Sport for Good Foundation, responsible for leading and overseeing the implementation of more than 200 programmes in more than 40 countries across the world. Morten Schmidt, who holds a PhD in Economics and Business Administration from one of the world's leading Business Schools, has more than 20 years' experience in developing, implementing, evaluating and researching development programmes, humanitarian responses and global development strategies and policies across Latin America, Africa and Asia, and he has worked with a number of the world's most respected humanitarian organisations. He lived for 10 years in Bolivia and Colombia with his wife, a renowned Peruvian environmental certification expert and anthropologist, and daughter. Morten plays golf and tennis.
